May 2016

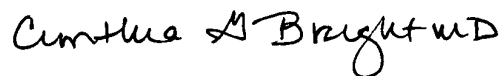

Dear Patients,

I have sincerely enjoyed caring for your children over the past 25 years. With a lot of joy and some sadness, I am writing to let you know of my intention to reduce my patient hours beginning January 1, 2017. I will only be seeing patients two days per week at our Camillus office. This means that I will no longer be caring for patients at our Clay office.

Because of these changes, my Clay patients will need to transfer to another primary care provider. As you all know, I have been fortunate to practice with eight other knowledgeable and caring pediatricians. I am sure you will be just as pleased with the continuity of care they will provide. Please be assured that my staff and I will do everything we can to make the transition smooth and stress free. You will need to let us know which pediatrician you would like to identify as your primary care physician prior to your next scheduled well exam. If you have any questions, please call the office; our staff is ready to help. If you need further guidance, I would be very happy to personally assist you with the transition.

It has been a great pleasure meeting and caring for all of you. I sincerely appreciate your friendship, loyalty and the faith you have placed in me. I wish you and your family continued good health and all the best in the coming years.

Sincerely Yours,

Dr. Cynthia Bright
